

TIMES of GROWTH

SWEET REFUGE DULCE REFUGIO

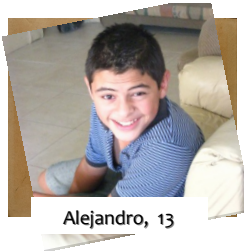

November 2011

A Heart Full of Gratitude

We want to extend our gratitude to those who have faithfully supported this ministry over the years. Your support and most importantly your faithful prayers have been critical in the work God has done in the Children's home. Below is an update from house parents Moy and Elda Salinas.

You may see the home referred to as Refugio 121. The change was made in order to register the home in Mexico to receive further assistance from the government. However, neither change affects the operations of the home. The Children's home will continue to provide love and care for children and

youth in need, and TIME continues to support them in the work God is doing in the lives of these kids. We extend a huge thank you in advance for your continued support of the home.

Alejandro, 13

A Word from Moy and Elda

On behalf of the staff who work in the Children's home and the children and

youth that our under our care, please receive our greetings and thanks. Praise the Lord the children are growing in their academic knowledge, as well as spiritual knowledge; each of them advanced to the next grade in school. In the last four months we have made some very important changes for the home, changes that have been a great blessing to the work we do. A change of location is one of these changes. We didn't have many volunteers because of being far away and running

errands in the city took a lot of time. Now we find ourselves in a part of the building of our church in Monterrey which has made running errands much easier. Volunteers and other persons have come to get to know the home and are now donating. We have been working with six boys, two of whom (Osvaldo and Jonathan) will be reintegrated to their family under the guidance of the government (DIF-Children's Social Service), but we will receive four more boys of whom you will soon receive news. We are creating a website and a Facebook page so that you can have better information, photos, and videos of the activities that happen with the children. We are growing as an institution and

now benefit from the support of a psychologist, doctor, and volunteers. All of this is possible through God and all of you who have it in your hearts to help this cause. We know that God will do great things in each of the boys and their families. Now that we are in the new house the boys are able to participate more in the weekly Church activities which will help them grow in God's word.

A special request.

Thank you for your faithful support. This year we would like to be able to buy something special for each of the boys for Christmas. We are hoping to raise more this month, in addition to regular monthly support, to purchase gifts for the boys. Please pray about helping to make this Christmas special for the boys.

New location: Bedrooms are to the right. Straight ahead and left is the kitchen with the dining space and living room to the right.
